Subject: **Ex. 6** Journalist request for comment from EPA study author: Urgent!
Attachments: Mikati_ajph.2017.304297.pdf

Dear EPA press office,

I am writing about an EPA study that published last Thursday in the *American Journal of Public Health* looking at air pollution, poverty, and race. (attached)

For my story I would like to include comment from one of the study authors. Could you send the following questions to Ihab Mikati and Adam F. Benson and ask that they respond to me as soon as possible? My deadline for comment is 4pm ET today.

- what is most significant, ie the major 'take home', of your study?
- what does this add to what we already knew about pollution and race?

Best,
Phil
