

LEAD INDUSTRIES ASSOCIATION

430 LEXINGTON AVENUE

NEW YORK 17, N. Y.

October 20, 1950

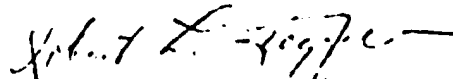

SUBJECT: BROCHURE ON LEAD
IN MODERN PLUMBING

To Members of the Lead Industries Association:

You may be interested in seeing a copy, which is enclosed, of a new brochure published by the Metallic Lead Products Division of the Association, entitled, "LEAD IN MODERN PLUMBING."

This booklet takes the place of the "Lead Pipe" booklet last printed in 1935 and long out of print. It is designed to convince those who influence the specification and use of plumbing materials that lead has a definite and necessary place in modern plumbing.

Yours very truly,

Secretary.
