ASBESTOSIS, ETC

Attached herewith is your communication of 11/8 concerning asbestosis, etc.

We have no Plant Physician as such here at Fort Hill, having only 15 employees on the roll. We avail ourselves of the services of Dr. Lee Keidel (listed in your records as our Plant Physician) whenever medical attention is needed --- annual physical examinations, treatment for injuries, 'flu shots etc. This is done and paid for on a "per Visit" or "per treatment" basis. He is not paid any retainer as such.

I Therefore intercept all Company correspondence addressed to him, forwarding any material pertinent to his treatment of our employees. All other material is kept on the Plant.

The subject material has not been sent to Dr. Keidel. Information attached which you have requested, concerning the use of insulating materials etc., is supplied directly by us.
