Sounds good. Hannah, I'm happy to chat on the phone if that works better for you. We are open to ideas!

Brad, Hannah is our head of OLA. Bipartisan support would be great.

Pete-

My boss is looking forward to learning more about the Secretary's proposal to modernize ATC in this country, and we are grateful for his proactive leadership here. Rep. Stanton's hope is that we can pursue real, bipartisan, and substantive reform on this critical public policy issue. If we can be helpful in doing so, please let us know. We are happy to help.

Thanks,
Brad
