

1 Chrysler Institute, correct?

2 A For Chrysler Corporation, yes.

3 Q Right. And that was at the Chrysler
4 Institute; is that right?

5 A Chrysler Institute was at Chrysler
6 Corporation Central Engineering.

7 Q Okay. Fair enough.
8 What year did you leave there?

9 A 1957.

10 Q Is that when you went to work for Ford?

11 A Yes.

12 Q When you went to work for Ford in 1957, what
13 was your initial position?

14 A It was called research engineer C. This
15 particular designation was fairly much an entry level
16 research engineer.

17 Q And what kind of activity or work were you
18 doing research on at that time, do you recall?

19 A I had a number of projects that I was
20 assisting on. One was doing structural analysis on
21 sheet metal. The sort of things involved in making a
