Subject: Shanghai Health Study - Cinpathogen Draft Deliverables

Dr. Irons,

Attached is a revised draft of near-term and long-term deliverables and milestones that should help you meet the conditions for advanced payment set out in Mr. Cavaney's letter of April 11, 2007. They have been reviewed by API and sponsoring company representatives. They are still very similar to the list Michael Bird and I reviewed with you on April 13. I still have some follow-up work to do with Rob Schnatter on two of the items, but his input should not change the overall goal of the deliverable.

Please let me know if you want to discuss anything related to these deliverables or the contract budget issues.

Regards,
Russ
