Re: *Asbestos Cases Involving the Suntide Refinery*

Dear Mr. Frost:

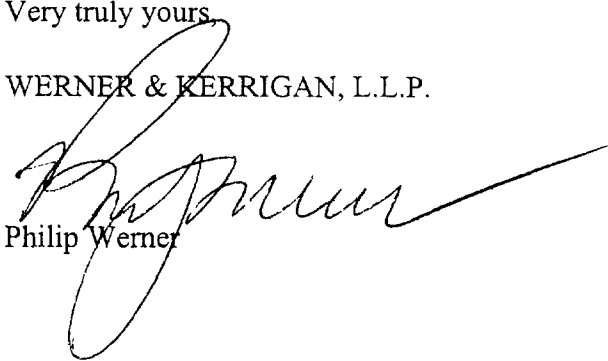

I had indicated receipt from Sunoco of some additional materials in response to your previous requests made in several cases. Attached are copies of documents Bates stamped S 0800 through S 0933, which are responsive to one or more of your requests for production, or which we may use as trial exhibits.

I had indicated receipt of a larger quantity of documents from my client. Many of those related to activities long after Sunoco sold the Suntide facility in 1981 and/or had nothing whatever to do with asbestos. What is responsive and relevant has been produced.

Please call with any questions about the enclosed. As always, if we locate additional documents which are responsive to your requests, we will of course make them available to you.

Very truly yours,

WERNER & KERRIGAN, L.L.P.

Philip Werner
