No. 229 - 1946 December 20

The day after Christmas marks my fiftieth anniversary with National Lead Company. So I have a special reason for being happy this Holiday Season. I hope the Yuletide will bring equal happiness to you. May your Christmas be a real old-fashioned one - rich in joy and jollity and in golden memories. And may the New Year be the happiest you have ever enjoyed.

Let me, too, express my sincere appreciation for the loyal support all have given me.
