DIVISION OR BRANCH

Metal Division, N.Y. Office

2 Attached is two copies of the 1970 assessment #3. We have checked with the General Office disbursing offices to verify whether this assessment had been paid. Apparently, the original invoice has gone astray. Would you kindly arrange for Executive Committee approval and return same to my attention.

Regarding the assessments for 1971, is it possible to secure Executive Committee approval for the entire amount of the 1971 assessment, thereby eliminating the formalities of approving each assessment?
