6th June, 1950

Doctor Robert A. Kehoe,
Kettering Laboratory,
College of Medicine,
Cincinnati (19), Ohio.

Dear Bob:

Herewith expense account for long distance telephone call on
29th May.

I plan to be in Washington on 10 July for a meeting and would
like to come to Cincinnati either shortly before or after that
time. Can you let me know which will be more convenient for you?

The panel on Environmental Cancer will meet in July and will
get out a prospectus after we have determined our frame of reference
and area of interest. We would like to receive applications for
grants-in-aid for the annual meeting in December.

Cordially,

Bill

Willard Machle
