

(Drislane - Purcell)

1 All these tests were -- none were involved with asbestos,
2 they were all involved with performance.

3 Q Did you attend SAE conventions throughout your
4 period at Bendix 1948 through 1965, approximately?

5 A Yes, I'd say most of them.

6 Q Do you recall there ever being discussed at any
7 SAE convention hazards associated with asbestos exposure?

8 A Never.

9 Q Did you receive any written material from SAE at
10 these conventions?

11 A Most likely.

12 Q What did you do with that material?

13 A Probably went into the files under SAE
14 Subcommittee 2, brake linings.

15 Q When you say the files, you are referring to
16 Bendix's files?

17 A Bendix's files.

18 Q Were there ever any files at the FMSI after you
19 left Bendix that contained information from SAE conventions?

20 A Yes.

21 Q Were some of those familiar to you from your own
22 attendance of SAE conventions before coming to FMSI?

23 A No.
