Mr. Manfred Bowditch
Lead Industries Association
60 East 42nd Street
New York 17, New York

Dear Manfred:

In behalf of the Program Committee of the American Conference of Governmental Industrial Hygienists, I would like to take this opportunity to express my sincere appreciation for the paper you recently presented entitled, "Summary of the Lead Conference held in Chicago on November 6 and 7th, 1958."

It is indeed commendable that there are industries so willing to discuss their problems and seek advice as are the industries which comprise your Association. Such an attitude cannot help but instill public confidence in their manufacturing methods and products.

We wish to print your paper in the ACGIH Transactions. Therefore, it would be appreciated if you would forward a copy to Mr. Charles D. Yaffe, 1014 Broadway, Cincinnati 2, Ohio.

Again, many thanks.

Very truly yours,

Lynn Schall
