Change over from asbestos to non-asbestos gasketing will start Nov. 1, 1985 and should be completed by Dec. 31, 1985, as stated in R. C. Fisher's previous memo.

To assist in identifying the new non-asbestos; gasket change over boards and color charts are being made that will be displayed by Unit Trainers in gasket storage areas and both Mechanical and I&E Shops.

Target for completion and displaying these boards will be Nov. 15, 1985. Should you have any questions or if I may be of help please give me a call.

P. L. Sharp
