Re: Bird Creek Contamination, Osage County, Oklahoma

Dear Mr. Pruitt:

The owner and representatives of Chapman Ranch would like to thank you for your visit on May 26 to the ranch to observe and discuss the contaminated area on Bird Creek. We thought the meeting was productive, and your straight forward approach and leadership were appreciated. With your involvement and Mr. Coleman's team, we feel confident that a plan will be implemented to identify and eliminate the source of the contamination and any necessary remediation.

Thank you again for making the effort to meet with us at the ranch. The tall grass prairie is a special place that is worth the effort to protect. Please know that we are willing to assist in any way we can.

Sincerely:

R.D. Farr
Ranch Manager
