

UNION CARBIDE CORPORATION P. O. BOX 471, TEXAS CITY, TEXAS 77590

November 20, 1985

Mr. J. R. Wallace
Secretary VCM Safety Association
Esso Chemical Canada
Chemical Technology Department
P. O. Box 69
Sarnia, Ontario, Canada N7T 2P1

Dear Jim:

This is to advise that Mr. M. G. (Mike) Sellen will take my place as the Union Carbide representative on the Vinyl Chloride Safety Association. Mike is located here at Texas City and is the production department head over our Solution Vinyl Resins Unit. The need for this replacement is brought about by my retirement from Union Carbide at the end of the year.

Jim, the Safety Association is a very worthwhile organization and I certainly understand that its success is due to the hard work of yourself and many others. I'm sorry that I wasn't involved long enough to be a significant contributor.

Best regards and good luck in the future.

Respectfully,

M. E. Eisenhour
