Messrs: Robert L. Toole

Herm Waltemate

← COPY FOR →

Dear Bob & Herm:

Yesterday I received the call from Larry Olsen, Acting District Director of OSHA in the Toledo office, informing me of his intention of deleting the recent OSHA vinyl chloride citation against Avon Lake General Chemical. Naturally, this pleased me very much.

I want to express my appreciation to both of you for your tremendous help and participation in this matter. You and Lynn Wallis made an excellent presentation. When the director "stole" the summary wrap-up, you know he heard and understood us.

Thanks much for your help.

Sincerely,

R. N. Rylands  
Plant Manager
