

CONDEA Vista Company
Highway 25
Aberdeen, Mississippi 39730-0091
(601) 369-8111

TO: Employees and Contractors

FROM: P. J. Kober

DATE: March 18, 1996

SUBJECT: **PROCESS SAFETY MANAGEMENT**

CONDEA Vista Company supports involving employees and contractors in the development and implementation of Process Safety Management Programs. In the area of safety, employees have routinely been involved with incident investigations, Process Safety studies, etc., based on their knowledge and experience. Vista will continue to actively involve employees whose expertise, knowledge, and experience will contribute to a more effective safety program.

Process Safety Management Standards were developed to eliminate or mitigate the consequence of catastrophic releases of highly hazardous chemicals in the work place. The information contained in the standards is available to all employees and contractors involved in the process.

Any comments, suggestions or questions you might have about the PSM regulation or Aberdeen's PSM program are welcome; please direct these to your supervisor. You can find more information about all PSM elements in the Process Safety Manual located in the PSM file room in the maintenance office.

A handwritten signature in black ink, appearing to read "P.J. Kober".
