FROM Alan C. Tully ADDRESS Atlanta

SUBJECT General American Tank DATE May 7, 1946
Storage Terminal, Goodhope,
Louisiana

During a conversation with Mr. George Cassard, Superintendent for the subject company, Mr. Munding reviewed the contents of your report dated March 18, 1946 and at the conclusion of this review, Mr. Cassard requested a statement of some sort which he might retain for his records, and in reviewing the situation, it seems to us that the second last paragraph appearing in your March 18 letter would suffice. We hesitate to supply such a statement prior to receiving your permission. If it meets with your approval, we would be glad to prepare such a statement for Mr. Cassard in which we would merely quote, say for instance, the paragraph already mentioned herein.

Incidentally, Mr. Cassard seems very satisfied with your analysis and explanation concerning the condition of storage tanks. He gives no indication, however, as to what will be done in the future concerning them.
