

Interoffice Communication

To : OSHA - ENGINEERING AND WORK PRACTICE CONTROL PLAN FILE
From : Dave Mahler
Date : December 1, 1982
Subject : UPDATE OF ENGINEERING AND WORK PRACTICE CONTROL PLAN

Attached is an update of the plant's engineering and work practice control plan for the reduction of employee exposure to vinyl chloride. The old manual should be removed from your files and destroyed.

A handwritten signature in dark ink, appearing to read "David L. Mahler".

David Mahler
Environmental Engineer
