I'm glad this will do the trick -- and I like the quote you pulled.

Is it OK if I send you the signed PDF copy (without a date) on Monday morning? I may not get back to the office today.

Thanks Jeff, this look great. If you could send me a final signed PDF copy without date it would be much appreciated. Will give you a heads up just before the intent to nominate is announced, still waiting to hear when that will be...seems like the constant answer we get from PPO is 'soon.' I think we'll use the below text from your letter as the quote, very well written and much appreciated!

"Bill is committed to the goals of the Clean Air Act and to the rule of law. He is also a person of the highest integrity. I am confident that, within the framework established by Congress, he will work to protect public health and the environment while at the same time pursuing regulatory reforms that will reduce unnecessary regulatory burdens. Truly, there is no better person to serve as the Assistant Administrator of EPA for Air and Radiation."

I have made a few tweaks, so please use this version if you are looking for quotes. If you can give me a heads up just before the intent to nominate is announced, I will insert a new date, sign the letter, and then send it to Barrasso and Carper with a copy to you.

Thanks Jeff, made some small edits to the letter (attached). If you are good with these I would ask that you put on letterhead, addressed to Barrasso/Carper, and send just us the final version. We will want to hold on sending the letter to the Chair/Ranking member until the intent to nominate is officially announced, at which point it can be sent to them.

Thanks again!

-Aaron

Here is a draft. If it looks OK to you, I will put it on letterhead and address it to Chairman Barrasso and Ranking Member Carper and send you (and them) a final version.
