Mr WILLIAM WRAITH, President,
Anaconda Lead Products Company,
25 Broadway, New York.

Dear Sir:

I have yours of May 31st advising me that you think it will suffice if Glidden transfer to us their registration of the word ANACONDA as a trade mark for white lead with the Trade Mark Bureau of the National Paint Oil and Varnish Assn. I do not see myself why that Bureau accepted the registration from Glidden when they already had ours, and I propose to investigate the matter, as if the Bureau is run so loosely it is not of much use to anyone.

Yours very truly,
