COMMITTEE HEADS  
NAMED BY N. A. M.

Coonley Appoints Chairmen  
of 17 Groups to Shape  
Policies for 1939

ON ALL INDUSTRY PHASES

Formal Reports Will Be Read  
Before the Association's  
Annual Congress

Appointment of the chairmen and vice chairmen of the committees which will shape the policies of the National Association of Manufacturers during the current year was announced for publication today by Howard Coonley, president of the association. The work of the committees covers all phases of American industrial development and matters relating to business generally. Most of the committees will prepare formal reports for submission to the association's Congress of American Industry in December. Depending upon the scope of their work, the committees range in size from as few as ten members to more than fifty. More than 500 manufacturers and other business men participate annually in the committees' work. The appointments made by Mr. Coonley were as follows:

Committee on Agricultural Cooperation—Chairman, W. W. Shoe maker, vice president, Armour & Co., Chicago, vice chairman, Herbert L. Bodman, president, Milne, Bodman & Co. Inc., New York, and Albert M. Paul, president, California Products Company, Inc., Fresno, Calif.
