

PHONE/CONFERENCE CONVERSATIONS

DATE: 1-31-97
WHO: _____ PHONE NO. 533-8840
COMPAN: _____
SUBJECT: WESS HEURT STUCKS

CONTENTS: 2 concerns

1) Cannot read a couple of dates on the medical

2) Southwest is working as a sub contractor
for Cemco.

A) Copy of Asbestos Liability INS from
Southwest and Cemco if Cemco has it.

B) Does the contract between Southwest
and Cemco state what happens if there
is a problem with the employee
workers comp etc.

ACTION: Call into

- Spoke w/ Jim, told him to have Southwest Insurance
Company send me a copy of their Asbestos Liability INS
(Jim does not have Asbestos Liability INS.)
- Also need a copy of the contract between Southwest
stating that Cemco's people are covered under Southwest
Contract.
Material to me by next week.

COMPA

SUBJECT:

PHONE NO.

rs) - 512 836-0667

as, breaching flue (Lead baghouse)

CONTENTS:

GP

was the Breaching Staff - looked at?

(JD) - Answer yes - Is the building coming off?

(JD) Need to look at.

(GP) - If you can work around, we'd rather remove w/ demolition project.

2 1/2 days stacks

2 1/2 days Breaching flue.

} approx time frames

Questions to

about wind barrier.

- Need to put wind barrier all around the stacks.

Can be in groups - before moved to next area, must do clearance sample. Then Crane / fork lift can come in to turn.

- Scaffolding must be set up with plastic up to railing, used as wind barrier. Also could use a man basket set same way.

- must set up barrier tape.

- Can use ASARCO Contractor bathhouse as a back-up.

Also looked at breaching flue with

- indicated Bldg could stay in place

- needed to Remove grating outside door of bldg.

Walk way grating could stay - said it would be a good Tie off.

- Jim said he check out electrical wires outside Bldg shed.

(plant orientation)

set up training for Monday Feb 10.

enquired about CS - no Confined Space involved.

- went over need to Lock/Out deenergize sources.

- Materials (Paper work / samples) given to Suncity for approval.

- Acuna to have breaching flue included in abatement plan for stacks.

Jim 1-30 & 1-31-97
