

Edison Electric
INSTITUTE

Thomas R. Kuhn
President

July 19, 2018

The Honorable Andrew R. Wheeler
Acting Administrator
U.S. Environmental Protection Agency
William Jefferson Clinton Building
1200 Pennsylvania Avenue, N.W., Mail Code: 1101A
Washington, D.C. 20460

Dear Mr. Wheeler:

Congratulations on taking the reins at EPA, in what no doubt will be a very challenging and pivotal time for U.S. environmental policy. You are uniquely qualified to rise to the challenge.

On behalf of the Board of Directors of the Edison Electric Institute, I am pleased to invite you to address our fall Board meeting at The Broadmoor Hotel in Colorado Springs, Colorado. We hope your schedule will permit you to join us on the afternoon of Wednesday, September 5, or the morning of Thursday, September 6. We anticipate approximately 250 senior electric company executives will attend, including roughly 50-55 CEOs from our industry.

EEI's member company executives would be very interested to hear your views on a range of critical environmental policy issues that impact our industry, our customers and our nation. Of course, we also would also be interested to hear your overarching vision and personal priorities for U.S. energy and environmental policy.

For your part, this would be an excellent opportunity to interact directly with our industry's top leaders at a critical time in our history. We would anticipate remarks of perhaps 20-25 minutes, followed by a dialogue with the members of EEI's Board. We will work to accommodate your schedule. As a general rule, our Board of Directors meetings are closed to the news media.

Please feel free to contact me if you have any questions, and we certainly hope that you can join us.

Sincerely,

A handwritten signature in black ink, appearing to read 'Tom Kuhn', written in a cursive style.

Thomas R. Kuhn
