Dear Lee:

Thank you for taking time to discuss my relatively new assignment with me last week. Your comments and references to published material will help me gain the background which I need.

I hope your secretary was able to locate the Purchase Orders covering the Criteria publications.

Your suggestion that we try to use Dr. Corn as a consultant on a continuing basis has been acted on by letter. I hope to meet him soon.

You had a thick volume on Los Angeles. I think this is the one which is mentioned in several articles. If you think it might help, how may I obtain a copy?

Sincerely yours,
