Subject: Carcinogens Task Force Report to E&R and M&S Subcommittees

We have reviewed the above named report and oral comments were presented at the last Task Force meeting on April 29, 1980. According to your recent request we are also including written comments as follows:

Page	Section	Comments
1f	Figure 1	✓ Add MI Hazardous Management Act 64 Add MI Solid Management Act 641
1f	Figure 2	✓ Hampson Memo B101, page 5 ✓ The Research activity, Engineering and Research Staff, will undertake such projects as may be required to develop new materials, manufacturing processes and advanced work environmental measurement devices to meet projected regulatory requirements.
5	line 3	✓ alkali metals (e.g. sodium)
6	line 1	leukemogen
6f	Figure 12	✓ Add leukemia and blood dyscrasias
7		Three Category I carcinogens were examined to determine material specifications, parts and non-production uses. Search procedures were tedious and inexact because existing data bases....
14f	Figure 23	✓ Include reference
17	line 4	✓ alkali metals
