To the Manufacturing Members
of the Lead Industries Association:

SUBJECT: OPA PRICE POLICY ON MANUFACTURED
LEAD PRODUCTS

Acting on a suggestion of the Board of Directors of the Lead Industries Association, I communicated by telegraph, with Paul Porter, Administrator of OPA, seeking an informal conference to determine the policy of the OPA with respect to the establishment of ceiling prices on manufactured lead products in the event there should be any increase in the ceiling price of pig lead. I was also instructed by our Board to petition Congress for relief in the event that the OPA did not grant it to the manufacturers.

Accordingly arrangement for an informal meeting with a cross section of our members representing both metallic lead products and lead pigments was made, at short notice, for Friday, May 10, in the OPA headquarters in Washington, D. C. A memorandum describing the meeting is attached.

Very truly yours,

J. E. Liberman

Secretary.
