Subject: meeting tomorrow on RMP
Attachments: RMPCoalition - Cover Letter and Petition for Reconsideration and Stay.pdf

Hi Patrick,

It was so good to meet you today and thank you for any assistance you may be able to provide in persuading EPA to join with us in putting the case in abeyance and allowing for some discussions to see if we can resolve our differences on the HWG Rule.

As I mentioned to you, there is a 3pm meeting tomorrow at EPA on the RMP Rule (another rule that was rushed out the door in the last Administration) room 6528 North Bldg. The EPA staff that are likely to be present tomorrow are the following: Cheatham, Reggie; Doster, Brian; Averback, Jonathan; Jennings, Kim; Cogliano, Gerain; Bosecker, Elizabeth; Gioffre, Patricia; Franklin, Kathy; Belke, Jim; Clark, Becki; Brooks, Becky; Albores, Richard; and Indermark, Michele.

If you would be free to join in the meeting that would be great. I also was going to send an email to George Sugiyama about the meeting to see if he could stop by (he knows how important the RMP Rule is to a number of trade associations (ACC, API, U.S. Chamber, AFPM, NAM, etc) all of which will be present tomorrow).

I have attached the petition for reconsideration that we filed with EPA – this meeting stems from that filing.

Regards,
Leslie
