

EXN 211

Mr. H. F. Umbreit

M. W. Robinson

Laminating Adhesive

June 2, 1970

Los Angeles

Tigard

PLAINTIFF'S EXHIBIT

GP-2189

A 5 gallon pail of adhesive is being sent to you LTL. We did not fill the pail completely full because we felt that you may want to adjust the consistency and with the extra room this could be accomplished by adding water. If you have any questions about the adhesive, feel free to call.
