Asbestosis (cont.)

respirators
study (1956) 1188
tests (1957) 1011
roentgenographic complications (1956) 912
roentgenologic aspects (1961) 1093
some observations on (1964) 79
symposium (1955) 572
tuberculosis, compensation liability in Germany
(1963) 368
worker, diffuse pulmonary fibrosis (1962) 161

Ascorbic acid

effect on work in heat (1957) 103
in benzene poisoning (1956) 501

Aspergillosis

in coal miner (1960) 450
of the lung (1961) 765
pulmonary (1963) 552, 553
spores, in animal provender mill (1961) 336

Asphalt

carcinogenic effects (1960) 150
saturators, electrostatic precipitators for
(1963) 1077
tile, and poor maintenance (1959) 441

Asphyxia

hazard and treatment (1957) 930, 931
in industry (1958) 38

Asthma

and
air pollution (1961) 1126, (1962) 292
Araldite (1961) 1192
atmospheric humidity (1962) 875
bronchitis
in chemical industry (1955) 1380
industrial (1955) 261
emphysema breathing exercises (1955) 26
temperature change (1964) 648
bakers' (1956) 254
and millers' (1957) 1428
cardiovascular study (1960) 639
death and illness from (1962) 235
diagnosis of bronchial (1960) 953
diagnostic standards for (1962) 1124
effect of
simulated altitude (1963) 219
smoking (1960) 734
flour (1956) 1038
from
acetylene welding (1964) 335
gum arabic (1960) 240
organic phosphate insecticides (1962) 417
p-phenylenediamine (1960) 41
textile dusts (1955) 1244
further observations on New Orleans (1964) 226
in
aluminum workers (1961) 357
coal miners (1957) 636
industry (1955) 260
grain (1963) 1128
Yokohama (1955) 96, (1961) 511
occupational, due to oils (1962) 418

Asthma (cont.)

problems, critical analysis (1962) 912
relationship to atopic dermatitis (1964) 450
synthetic lubricants (1956) 1448
Tokyo-Yokohama (1962) 784

Asthmatic

bronchitis, in iron ore miners (1961) 161
factors, in miners (1961) 127

ASIM

standards of atmospheric sampling (1963) 112

Atelectasis

and pneumoconiosis (1956) 91
with pneumonia (1964) 224

Atherosclerosis

and
age (1960) 848
arterial phosphorus (1959) 575
sudden deaths (1961) 236
effects of
dietary sucrose (1964) 1072
vegetable fats (1963) 222
geographic pathology (1964) 228
in
Bangkok and Los Angeles (1962) 1021
Europeans and Bantu (1964) 440
India (1961) 960
natural history of coronary (1964) 850
pathogenesis (1960) 519
research trends (1958) 1238
treatment with linetole (1961) 129
