Most of the Spring Trade.

It isn't because the store is big but because the stock is big that makes men come here. It isn't the big variety but the exclusiveness of the big variety that catches well dressed men. It isn't because other stores don't have good clothing but because Smith & Bonie's clothing is better than the best. It isn't because tailors don't sometimes fit but because Smith & Bonie's clothing always fits. Styles that can't help bringing happy comment to men, young men and youths.

REVIEWER COMMENTS

JOE VASACIO, 34, 1000 N. Main St., is suing the Southern Pacific company for \$25,000 damages. One night last September, while employed as an engine repairman, he was ordered to fill a tank with crude oil, when an explosion occurred, and he was badly injured. That he might work in the dark, the company furnished him with a lantern, and it is alleged that the lantern, which was the cause of the accident, was in a defective condition.
