Mr. W. A. Knapp
Consultant-Toxicology
Allied Chemical Corporation
P. O. Box 2245R
Morristown, New Jersey 07960

Dear Mr. Knapp:

Thank you for your complete and detailed response to our request of November 19, concerning the analysis of your vinyl chloride monomer. In accordance with your request, this report will not be identified with Allied without your explicit consent.

As soon as a decision is reached on the quantities and packaging of the vinyl chloride to be secured for use on the proposed project, Allied will be given an opportunity to bid on the contract to supply EDC-derived vinyl chloride for the life of the project.

Sincerely,

Kenneth D. Johnson
Assistant Technical Director
Occupational Health
