---

Eric -

Jeet will sign ... one quick question: what Company does he put down? (Chevron Prod, etc ... ) For legal documents we want to make sure we have the right name.

**Subject:** FW: Shanghai Health Study - Amendment 5

Christine,

As we discussed, attached is Amendment 5 to the contract with API, which extends the termination of the Benzene Health Research Consortium from the end of 2008, until November 30th of 2009. Please ask Jeet to sign as Chevron's representative, and return the signed copy to Linda Kangas of API, at the address listed below.

As I stated, this extension does not involve any additional funds. The Oversight Committee (on which I sit) simply felt that the Consortium should remain in place to oversee completion of the studies and final disbursement of funds, through the International Benzene Symposium, which is scheduled for September, 2009 in Munich Germany.

Please feel free to call if you have questions or require additional information.

Eric,

Attached is a contract amendment between Chevron and API to extend the termination date of the Benzene Health Research Consortium until November, 2009.

Please sign and return a copy of the contract to Linda Kangas, American Petroleum Institute, 1220 L Street, NW, Washington, DC 20005 or email to [kangas@api.org](mailto:kangas@api.org).

Please contact me if there are questions.
