Mr. Herbert Abraham, President
The Ruberoid Company
New York, N. Y.

Meeting - Re: Patents

Dear Sir:

I would like to arrange a meeting Thursday, December 13th in New York City, to discuss the Low Pressure Situation particularly in connection with certain new patents.

Would it be possible for you to attend such a meeting? If not would Friday, the 14th, meet your conveniences.

The matter is vital to the paper and atsoell division and your cooperation will be appreciated.

Very truly yours,

Donald Yullooh, Jr.
