Secretary

1849 C Street, NW
Washington, DC 20240

Dear Secretary Burgum,

Under President Donald Trump's and your leadership, our country has an incredible opportunity to secure energy dominance. With that in mind, I would like to invite you to join the API Board of Directors during their March Board Meeting, on March 20, 2025 in Washington, DC.

API's Board of Directors brings together chief executives from across the oil and natural gas industry. Our members would greatly appreciate the opportunity for a discussion with you on the Administration's efforts to restore energy leadership. Please find the API Board of Directors roster enclosed.

Jack Cramton, Vice President of Federal Relations, will follow-up with your office to facilitate your participation. In the meantime, please reach out with any questions.

I hope you can join us in March.

All the best,
