Subject: Trademark Reg. No. 382,014,
GRIZZLY SYNCRO-SET, Oct. 15, 1940

Dear Mr. Wolfson:-

The above entitled trademark registration will expire on October 15, 1960, and petition for renewal should be filed prior to that date.

You will recall that the above mark was republished on October 26, 1948 under the Trademark Act of 1946, and further that affidavit under Sections 8 and 15 of the Act has been filed in order to prevent automatic cancellation, as provided by the law. The said affidavit was accepted on November 20, 1953.

However, such procedure does not preclude the necessity for renewing the registration after a period of twenty years in order to maintain the same in force. If the mark is still in use, and if you concur, we will prepare the petition for renewal and forward it to you for signature and execution.

Will you kindly advise if the above meets with your approval.

TRADE MARKS ACT

APPLICATION FOR REGISTRATION OF A TRADE MARK REGISTERED AND USED

ABHQAD

To: The Registrar of Trade Marks,
Ottawa, Canada.

The undersigned, MARKMONT AUTOMOTIVE PRODUCTS, INC., a corporation of the State of Illinois, United States of America, the full post office address of whose principal office or place of business is 168 North Michigan Avenue, Chicago 1, Illinois, United States of America, hereby applies for the registration in accordance with the provisions of the Trade Marks Act, of the trade mark identified below.

The trade mark is shown in the attached drawing.

The applicant disclaims the right to the exclusive use of the word "SLT" apart from the trade mark.

The trade mark has been duly registered by the applicant's predecessor in title, E. M. SMITH CO., named in such registration in the United States of America, the country of origin of the said predecessor, on October 15, 1940, under No. 382,014, in association with BRAKE LINING. The applicant's predecessors, E. M. SMITH CO., GRIZZLY MANUFACTURING COMPANY, and PRATT INDUSTRIES, INC., have used the trade mark in association with BRAKE LINING in the United States of America, and the applicant requests registration of the trade mark in respect of the wares in association with which it has been registered and used as aforesaid.

The applicant appoints ALAN SVABNY & CO., whose full post office address in Canada is 1117 St. Catherine Street West, Montreal 2, Quebec, as the firm to whom any notice in respect of the application or registration may be sent, and upon whom service of any proceedings in respect of the application or

Sir:

This is responsive to the Official Action of
March 16, 1956.

Would you kindly substitute the enclosed new
application, submitted herewith, for that at present on
file.

REMARKS

The application has been amended to comply with
the official request to name the applicant's predecessors
in title.

The Office has cited against the application the
prior registration of the trade mark "GRIZZLY SYNCHRO-BET",
registration No. 44. 81/21147, in the name of Grizzly
Manufacturing Company.

Enclosed is a certified copy of an Assignment
from Grizzly Manufacturing Company to Pratt Industries, Inc.,
from which it will be noted that the former assigned all its
patents and trade marks to the latter.

Also enclosed is an Assignment from Pratt Industries,
Inc. to Maremont Automotive Products, Inc., the applicants
in the present application.

MAR

003840

The Registrar of Trade Marks

Also enclosed is our cheque for \$10.00 to cover the Government Assignment Fees.

It is believed that, since the applicant now owns the citation, this removes it as a bar to registration of the trade mark covered in the present application.

We look forward to being advised of the recording dates of the Assignments against the registration.

In connection with the requested disclaimer of the word "SET", reconsideration of the official request is asked for the following reasons.

The words "WHIZZLY SYNORO-SET" have already been registered and, as will be noted from the Assignments attached, belong to the applicant. The word "SET" has not been disclaimed from the original registration, and it is not believed should be disclaimed from the present application which merely shows the same words written in a distinctive style.

Early and favourable action on this application would be appreciated.
