JAPALAC alkyd enamels, available for brushing or spraying, are extra-durable and offer you finest results on wood, metal, inside or out. Exciting JAPALAC colors bring life and beauty to any item or surface with an ease you never dreamed possible! • JAPALAC, when brushed on large areas, woodwork and furniture usually covers in one coat, drying hard within four hours. And, you will be pleased how brush marks melt away, giving your work a glistening store-fresh look. • Several colors including Aluminum, Gold, Coppertone are available in non-clog nozzle spray cans for handy instant spraying of intricate objects, accessories, toys, etc. Ideal for painting window shutters, picture and mirror frames, wickerwork, porch and furniture. Bring new cheer to your home with JAPALAC.
