Dear Mr. Hopper,

We appreciated the letter dated March 5, 1982 in regards to the Apprentice rating as to pay increase.

We also agree that communication is very important in this type of matter and we will gladly notify you personally when one of our Apprentice who is working for you advances to a new level of pay increase. This notification will come at least one week prior to advancement.

Thank you for your consideration in this matter.

Sincerely,

R.F. "Pat" Yount
