Re: Loren Dillman

Gentlemen:

I represent Mr. Loren Dillman of R. R. # 1, College Corner, Ohio, who had a silo constructed by the Concrete Silo Company of Bloomfield, Indiana, and which silo was coated with a material produced by your company, and which it has been determined has contaminated his feed, his cows and caused his milk to be rejected for human consumption.

Please have your insurance carrier or your legal department contact me regarding this matter.

Yours very truly,

Herbert Wagers
