Subject: Ag Biotech follow-up

Hi team, thanks for another great biotech discussion today!

For next steps, we're asking that each Agency lay out what steps they can take to facilitate the review of any priority products. There were a lot of ideas that sounded like they fit the bill mentioned in today's meeting (such as using the IR-4 program or enhancing customer service as developers put their data packages together) and I think it would be helpful to flesh out those ideas somewhat.

Please get me an outline for what you think your Agency can do in this space by **COB Monday, July 9**. We'll then have a follow up meeting to discuss further.

Thanks and I hope everyone has a great weekend!

Mackenzie
