TO: Members of the Vinyl Chloride Safety Association

The meeting of the Vinyl Chloride Safety Association in Toronto Canada was a success. The group wishes to thank all participants for making the meeting such a worthwhile experience.

Attached is a list of attendees at the 1982 meeting. It is interesting to note that twenty-seven companies were represented; fifteen of which were outside the United States.

Work has already started on our 1983 meeting in New Orleans. You will be kept informed of our progress.

Sincerely,

A handwritten signature in dark ink, appearing to read "H. G. Olson".

H. G. Olson, Secretary
Vinyl Chloride Safety Association
