J-M Manufacturing Co., Inc. Internal Correspondence

To : Dr. E.E. Wang

Date: 22 August 1986

From : Homer Hsieh Homer

Copies : Wilfred Wang, Terry Lohman, Shawn M. Medvin

Subject : OSHA Standards

RECEIVED
AUG 22 1986
Ans'd.....

It has been brought to my attention (see attached) from our insurance broker about OSHA's revised standards on asbestos fibers in the air. Insurance Comapny of North America claims that J-M's exposure is not permissible at the new standard.

Dr. Wang, I would like you to comment on this statement and inform me on the actual exposure. I would appreciate your immediate response. Thank you.
