summer of '57 for those three to four weeks, do you know who employed the pipecoverers?

A It was Reid-Hayden or Wallace & Gale.

Q You are not sure which one, but it was one of them?

A I am now, because after I read my deposition, I come up with a couple of names that I remembered seeing on the site.

Q Okay. So it was either Reid-Hayden or Wallace & Gale?

A Right.

Q Okay. Now, were the pipecoverers actually working in the bell tower like where you were?

A No, they were not.

Q And where were they in the church?

A They were probably spread around the rest of the building, you know, base coating and where the lathers could be working.

Q Okay. And what were the pipecoverers doing at this location?

A Covering pipe over the air ducts, the
