Using handy thumb lever you can instantly snap the image into sharp and clear focus for fast-action viewing, even when the subject is moving. You'll see more action than ever before... the kind you used to miss with conventional binoculars. Coated squint-proof lenses for built-in protection from reflected glare. Special soft, roll-down eyecups give expanded vision to wearers of sunglasses and spectacles. 20 year warranty. With case, straps, and lens caps.
