through NIOSH channels, you sent a copy to the manager, right?

A Yes, we always did.

Q Okay. I think, if you flip back somewhere in this report, there is actually a copy of your cover letter --

A Yes.

Q -- to the manager.

A Right.

Q Okay. Can you go to the second paragraph.

Is the manager Mr. Fry?

A Yes, Mr. Thomas Fry.

Q Okay.

The second paragraph of your report I gather indicates what you were able to learn by analyzing the wear debris; is that right?

A Well, at this point these samples, these particular samples were analyzed by X-ray diffraction and optical microscopy, at least at the time it was written.

Q Sure. In fact, you make that clear, don't
