

FORM B
SELF-GENERATED HAZARDOUS WASTE AND ITS DISPOSITION
INSTRUCTIONS

Fill in your installation's name and EPA I.D. Number in the upper left hand corner of the form.

Line 1 - EPA Hazardous Waste Number - For listed wastes, enter the four character EPA Hazardous Waste Number from Georgia Rules for Hazardous Waste Management 391-3-11-.07 or 40 CFR Part 261, Subpart D (see Appendix) which identifies the waste. For unlisted wastes which exhibit hazardous characteristics, enter the four character EPA Hazardous Waste Number from Georgia Rules for Hazardous Waste Management 391-3-11-.07 or 40 CFR Part 261, Subpart C (see Appendix) which is applicable to the waste.

Four spaces are provided in each column. For a mixture of more than one listed or unlisted waste, enter all of the relevant EPA Hazardous Waste Numbers. If there are more than four waste numbers in a mixture, continue on the next column, and leave all other items in that column blank (see attached example)*.

Line 2 - On Hand, On-site on January 1, 1983 - Enter the amount of self-generated waste, regardless of when generated, (expressed in tons to the third decimal place) that was on your property on January 1, 1983. (Waste placed in a disposal unit is considered disposed, not stored, and should not be shown on Line 2.) (NOTE: The numbers you enter in the boxes should be as far to the right as possible in all cases so that they may be easily added.)

Line 3 - Generated During 1983 - Enter the total weight of the waste or waste mixture that you generated during the calendar year 1983.

Line 4 - Total Amount for Which to Account - Enter the sum of Lines 2 and 3.

Line 5-8 - Shipped to State of () - Enter the name of the state (other than Georgia) to which the self-generated waste was sent for treatment, storage, disposal, use, reuse, recycling, or reclamation, and the amount of the waste. Use a different line for each state. (NOTE: Use lines 9 or 10 for waste sent to Georgia facilities.)

Line 9 - Shipped to Georgia Installations for Use, Reuse, Recycle, or Reclamation - Enter the total weight of self-generated waste sent to installations in Georgia for use, reuse, recycling, or reclamation.

Line 10 - Shipped to Georgia Facilities for Treatment, Storage or Disposal - Enter the total weight of self-generated waste sent to facilities in Georgia for treatment, storage, or disposal.

Line 11 - Treated On-site - Enter the amount of self-generated waste treated on your property during the year.
