DEPARTMENT OF HEALTH AND LABOUR
OFFICE OF THE MINISTER

Toronto, Ont.

Mr. C.O. Stillman
President, Imperial Oil Co.
56 Church St.
Toronto, Ont.

Dear Mr. Stillman,-

I understand that "Ethyl Gasoline" has been on sale in Ontario since September of last year and I would like to say for your information that in spite of the warnings that have appeared in the public press, no case has been brought to the attention of my department where there was any claim of injury either in the handling of the concentrated fluid or in its sale and distribution in diluted form.

I think it is only fair that you should have this information.

Yours very sincerely,

A handwritten signature in cursive script, appearing to read "Forbes Godfrey".

Minister of Health.
