

1 label on this box in the area of '67 and '68, is
2 this -- and I won't put the overhead up -- is this the
3 front page of a 1968 Owens-Corning Fiberglas brochure
4 advertising its Kaylo and Kaylo 20 products?

5 A Yes, it is Kaylo and Kaylo 20 pipe
6 insulation.

7 Q And, sir, if I ask you to look through this
8 brochure that represents the 1968 Owens-Corning
9 Fiberglas brochure, can you show me anywhere in there,
10 that brochure that you are advertising, where there is
11 a label similar to the one you say you put on your box
12 in that brochure; is it in there?

13 A No, sir, it wouldn't be in any type of
14 brochure like this.

15 Q Because, in fact, you didn't put them in the
16 ones in '68, '69, '69, '70, '71, '72; isn't that true,
17 sir?

18 A We would never put them in.

19 Q Sir, isn't it correct, this original label
20 that you pull on between '66 and 1970, both the stamp
21 and the actual label itself, how big was that?
