August 28, 1963

NOTES OF SHOP STEWARDS SAFETY MEETING NO. 4

Present: H. L. Woods - Cement Mason
Clyde Harmon - Iron Worker
Red Ervin - Building Trade
Delbert Beckley - Carpenter

T. H. Howell - Oper. Engineer
Warnie Spry - Labor
John Frasher - Teamsters
Ray Slavin - Fitters
Ralph Smith - Iron Worker -Sub-Cont

SUBJECTS DISCUSSED

1. Asbestos cloth material is available at the warehouse for protection, when burning and welding over equipment and flammable materials. Protection must be used.
2. Secure oxygen and acetylene cylinders upright when regulator's are attached.
3. Empty cylinder pick up must not be neglected in working areas. (Do not use chokes to lift cylinders).
4. Protect your hands. Rubber gloves are available, use them, when operation requires them.
5. Hard hats shall be worn at all times in the construction area.
6. Never leave an opening unprotected or uncovered, provide a cover or guard rail.
