- B. Longstreth
- A. Mckeeon

• M. Chupka

And, as I mentioned earlier, we will invite you (no obligation) to speak to the DOE NOPR.

Subject: Energy Bar Association . Panel - October 17, 9:00 - 10:30

Dear EBA Panelists:

Thanks so much for agreeing to speak at the Energy Bar Assoc. (EBA) conference on October 17 (A New Sheriff in Town). EBA is really very grateful for your time. We have a great panel, and it's perfectly timed.

We'd like to set up a quick organizational call within the next several days. Though you should have all of the logistical information you need from EBA Executive Director Lisa Levine, it would be good to have a chance to discuss the format for the panel and exchange a few thoughts on the scope of the discussion. I'd like to impose on each of you to spend perhaps a minute or two on the call outlining your thoughts. One late-breaking topic I would invite you to address is DOE's baseload generation NOPR (FERC Docket No. RM18-1). Though it is not an environmental regulation, strictly speaking, it does impact the same set of resources of concern to the EBA membership, and it would have an environmental impact.

At the link below, you'll find a doodle poll asking for your availability for a call over the next few days. I hope we can limit the call to ½ hour.

Poll: <https://doodle.com/poll/v23482mp9xvsn995>

Thanks again!

Jon
